To Make-up your Service project:

Please make every effort to attend your scheduled service project for your class teacher listed on the other side. However, if your child is unable to attend their scheduled class date, the following should be done for make-up: **(Please remember that one Service project must be completed during the 7th Grade Faith Formation year.)**

1. You and your child are responsible for contacting another catechist by email from the list provided in order to request to attend the service project scheduled for that catechist.
2. You or your child must also tell your child's catechist which service project they are planning to attend.
3. Complete a **Service Project Verification Form**, which can be downloaded from our website at: saintvdp.org, and have the attending Catechist sign it. Please hand this form in to your catechist at the next class. This form ensures that your child will receive credit for attending the Service project.
